

Tune in to *The Ed Show* with Ed Schultz at 8:00 PM nightly on MSNBC.

Ed Schultz has been a true ally in the fight to defend the working middle class.

He broadcast his show live from the capital in Madison, WI last winter to put a national spotlight on the attacks by Gov. Scott Walker against public services and our union. He has exposed the anti-worker policies of governors in Michigan, Florida, Ohio and elsewhere. His informative, factual, hard-hitting coverage of these attacks has been critical to our efforts to fight back.
